

NOMINATION FORM FOR MILLER SCHOLARS

The Miller's Scholars Program is intended to fund visits by active research mathematicians who can be in residence at the University of Missouri-Columbia for periods ranging from approximately one week to approximately two months. Miller's Scholars will be selected on a competitive basis, with due consideration given to the following items:

- (a) Stature and level of research activity of the proposed visitor.
- (b) Impact of the visitor on the MU Mathematics Department.
- (c) Vitality and benefit of the research program to the sponsors.
- (d) Extent to which nominees and main sponsors have used this program before.

Each candidate can have up to two sponsors. Use this nomination form to be a main sponsor of a Miller scholar candidate.

Name of candidate:_____

Name of main sponsor(s):_____

Proposed dates of visit:_____

Amount requested¹:_____

Title of project:_____

Project description (Please attach a short summary of what is expected to be accomplished during the scholar's visit. This summary should not exceed one page in length)
